

Agenda

IDPO-ICWG Community Workshop on Ice Coring

UC-Irvine, Feb 26-27, 2014

The goal of this meeting is to identify and discuss U.S. community ideas on future deep or intermediate depth ice coring sites in the Arctic or Antarctic that would require use of the DISC or IDD coring drills. The meeting will enable community members to participate with the Ice Core Working Group in a short meeting to identify, discuss, and work toward consensus on the target sites and years. Results from these discussions will form the basis of the drilling sites identified in the IDPO Long Range Science Plan for 2014-2024. The Community Workshop is open to everyone. The ICWG meeting is open to ICWG members, NSF, and IDPO-IDDO. *Note: To allow for flexibility in discussions, all times except the starting time are subject to change during the meeting.*

Wednesday Feb 26 *meeting is in Natural Sciences II room 1201 at U.C. Irvine*

IDPO Community Workshop on Ice Coring

- 1:15 Welcome & Introduction – Mary Albert & Karl Kreutz
- 1:30 NSF remarks – Julie Palais
- 1:40 IDDO remarks on IDD & DISC readiness for the coming decade – Tanner Kuhl
- 1:50 Remarks on Antarctic logistics in the coming decade – Matthew Kippenham
- 2:00 Potential drilling site presentations - community scientists
- 3:00-3:15 Break
- 3:15 Potential drilling site presentations - community scientists
- 4:15 Group discussion – moderated by Karl
- 4:45 Summary for the day – Karl
- 5:00 Adjourn for the day

Thursday Feb 27 *meeting is in Croul Hall room 3101 at U.C. Irvine*

Community Workshop, continued

- 8:30 Welcome – Karl Kreutz
- 8:40 Group discussion finding consensus – Karl moderates
- 9:45 Summary of community meeting – Mary Albert
- 10:00 Conclusion of IDPO Community Workshop on Ice Coring

ICWG business meeting

- 10:30 ICWG meeting
 - Welcome – Karl Kreutz
 - IDPO-IDDO update – Mary Albert
 - NICL update – Mark Twickler
 - ICWG discussion & recommendation to IDPO on future drilling
- 12:00 Lunch
- 1:30 pm
 - ICWG bylaws updating, chair election and member rotation procedures
 - Identification of ICWG future annual meeting objectives
 - Identification of ICWG future meeting times and style (virtual or in-person)
 - Discussion of any other issues
- 5:00 End of ICWG business meeting
